KEYSTONE FOLDING BOX COMPANY TO SHOWCASE PHARMACEUTICAL PACKAGING SOLUTIONS AT PHARMAPACK NORTH AMERICA, MAY 22-23 IN PHILADELPHIA

NEWARK, NJ – Keystone Folding Box Company, a manufacturer of paperboard packaging solutions, will showcase its wide range of pharmaceutical packaging products at Pharmapack North America, May 22-23 at the Pennsylvania Convention Center in Philadelphia. Attendees are encouraged to visit Keystone Folding Box Company at Booth F642. Products on display will include:

- **Ecoslide-RX™**, a child-resistant, senior-friendly compliance package that is the most eco-friendly of its kind on the market. Ecoslide-RX is made from 100% recyclable material, contains no plastic in its secondary packaging and, unlike other paperboard compliance packs, requires minimal film and foil while maintaining an F=1 Child Resistant rating – the highest possible. Ecoslide-RX entered the market last year as a solution for prescription products, physicians' samples and clinical trial materials that meets and exceeds sustainability objectives adopted by an increasing number of organizations.
- **Key-Pak Plus™**, which features a child-resistant, senior-friendly blister card contained within an integrated outer carton and offers a cost-effective solution for clinical trial materials, compliance dosing, physicians' samples and prescription drug applications. More affordable than other re-closable blister packages currently on the market, the patented Key-Pak Plus incorporates a fold-over, heat-seal blister card neatly tucked into a durable, yet light-weight carton. The card is secured to the carton, keeping the two components together as a single unit.

###

About Keystone Folding Box Co.

While Keystone continues to be a leader in the manufacturing and design of paperboard packaging, they are also a design center and source for non-paperboard packaging components. To learn more about Keystone Folding Box Company, please contact Ward Smith at Keystone Folding Box Company, at (513) 871-4747, ward.smith@keyboxco.com or visit www.keyboxco.com.
